TIPS FOR PRINTING & USE:

If possible, print on card stock and laminate or cover with clear contact paper for durability.

Ideas for use:

1. Use poster for introduction to numbers and/or as a bulletin board or wall display. Hang up chart near poster, if desired.
2. Use cards as a display and/or for vocabulary and counting practice. Hold up cards before group, counting out loud. Mix up cards, cover the number name, and have participants say and/or spell the number out loud.
3. For younger kids, two copies can be made and cards can be used as a simple "memory" style matching game.
4. Put cards in a center with various small items and have kids put that number of items on or next to each card. If possible, encourage counting out loud to a friend or an adult.
